

This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

- + *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.
- + *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.
- + *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.
- + *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

CHAPTER 81.

Joint Resolution on Federal Relations.

Resolved by the Senate and House of Representatives of the State of Delaware in General Assembly met:

**Reserved
rights of the
States.**

First. That the preservation of the reserved rights of the States, under the Federal Constitution as made by the fathers of the Republic, is essential to the continuance of civil liberty and political rights in this country, and that any denial or invasion of these rights by those exercising authority under the Government of the United States, is a usurpation unwarranted by the constitution, and calculated, if not designed, to destroy the Union of the States and subvert our form of free government.

**Equality of
States.**

Second. That all the States of the Federal Union are equal under the Constitution; that each is entitled to every right belonging to the others, and that any denial or withholding of those rights by Federal authority, either by the refusal of proper representation in the National Councils or the interference with authority properly belonging to State governments, is an assumption of power justly alarming to every friend of representative government.

**Recognition
of all the
States.**

Third. That every State which at any time heretofore constituted a part of the American Union is still a State within the Union, and that the refusal on the part of Congress to admit the Senators and Representatives of the Southern States into the National Legislature is a flagrant violation of the Constitution, and could only have emanated from a fixed purpose of the radical leaders of the dominant party in Congress to destroy free and equal government as it has heretofore existed under the Federal Union, and to substitute a consolidated despotism in its stead.

**Freedman's
Bureau dis-
approved.**

Fourth. That the bills now pending before Congress, providing for the extension of the provisions of what is known as the Freedman's Bureau to States which have never been in revolt against the Federal Government, and to interfere with the administration of civil justice in the States by extending to the negro race rights and privileges for the enjoyment of which they are not prepared, either by nature or education, and which have been wisely denied

RESOLUTIONS.

them by State Constitutions and laws, are dangerous innovations in the legislation of the country, unjust and oppressive to the white inhabitants of the States, not sanctioned by the Federal Constitution, but in derogation of its plainest provisions and calculated to lead to a conflict between State and Federal authorities.

Fifth. That the burdens of taxation, now scarcely supportable, will be so increased by these unwise, unnecessary and oppressive acts, should they become laws, as to lead to great and universal dissatisfaction and in many instances distress, calculated to alienate the feelings of the people from the Federal Government and to produce the conviction that it is the oppressor instead of the benefactor and protector of the States and the people.

Sixth. That the members of this General Assembly do hereby express their unqualified disapprobation of the bill lately passed by the lower house of Congress and now pending before the Senate, conferring upon the negroes of the District of Columbia the right of suffrage, and consider that the passage of such a law would be a lasting stigma upon the nation, tending to degrade and disgrace the free white men of this country.

Seventh. That the immutable laws of the Creator have affixed upon the white race ineffaceable stamps of superiority, and that all attempts to elevate the negro to the social or political equality of the white man is the result either of an unwise and wicked fanaticism or a blind and perverse infidelity, subversive of the ends for which this government was established and contrary to the doctrines and teachings of our fathers.

Eighth. That in the opinion of this General Assembly the passage of such a law by Congress will be but the commencement of a system of legislation designed hereafter to be extended to the States, which, if persevered in by Congress and tolerated by the people, will ultimately degrade the free white men of this country to the level of the negro, so far as congressional action can effect this result.

Ninth. That we hereby tender to the white inhabitants of the District of Columbia our sincere and deep sympathy in this hour of their distress and attempted humiliation, and denounce the act referred to as an attempted violation of their popular rights, and contrary to their will as manifested at their recent election.

Tenth. That this General Assembly and the people of this State are opposed to every and all attempts on the part of the present Congress to patch over the Constitution of the United States by acts erroneously termed amendments, by which the true meaning of that heretofore sacred instrument is attempted to be perverted, obscured and falsified; and we hereby denounce all such acts heretofore passed or now pending as derogatory to the character of the nation, dangerous to civil liberty, contrary

National

recommend-
ed.

Eleventh. That this General Assembly views with indignation and alarm the whole system of legislation now pending before Congress, designed to equalize the white with the negro race, and hereby recommend to the white people of all the States, North and South, who are opposed to extending the elective franchise to the negro, to meet at an early day in National Convention, through delegates regularly chosen, to consider their duty to themselves, to their country and to posterity, in view of the present emergency.

Approval of
President
Johnson's
efforts to re-
store union,
&c.

Twelfth. That this General Assembly hereby approves of every constitutional effort of President Andrew Johnson to restore the Union of the States with all their rights unimpaired, and to secure to each its just and proper representation in the legislative council of the nation; and we hereby express our further approval and commendation of his unequivocal declaration of opposition to the efforts of the present Republican Congress to foist negro suffrage upon the white inhabitants of the District of Columbia, and to its insidious designs to destroy the reserved rights of the States by extending the same objectionable provisions to them, and we cherish his expressions of attachment to and veneration for the Constitution and Government of the United States as made by Washington and his compatriots, as an earnest of his purpose to interpose the veto power wisely con-

CHAPTER 256.

Joint Resolutions relative to the Proposed Amendments to the Constitution of the United States.

WHEREAS in accordance with the provisions of the fifth article ^{Preamble.} of the Constitution of the United States, the Senate and House of Representatives of the United States in Congress assembled, by a resolution passed at the first session of the Thirty-Ninth Congress, begun and held on the first Monday of December, A. D. 1865, have proposed a certain article of amendment to the said Constitution for the consideration of the Legislatures of the several States, which said proposed article of amendment is in the following words and figures, to wit:

"SECTION 1. All persons born or naturalized in the United States and subject to the jurisdiction thereof are citizens of the United States and of the State wherein they reside. No State shall make or enforce any law which shall abridge the privileges or immunities of citizens of the United States; nor shall any State deprive any person of life, liberty or property, without due process of law, nor deny to any person within its jurisdiction the equal protection of the laws.

"SECTION 2. Representatives shall be apportioned among the several States according to their respective numbers, counting the whole number of persons in each State, excluding Indians not taxed. But when the right to vote at any election for the choice of electors for President and Vice President of the United States, Representatives in Congress, the executive and judicial officers of a State, or the members of the legislature thereof, is denied to any of the male inhabitants of such State, being twenty-one years of age and citizens of the United States, or in any way abridged, except for participation in rebellion or other crime, the basis of representation therein shall be reduced in the proportion which the number of such male citizens shall bear to the whole number of male citizens twenty-one years of age in such State.

"SECTION 3. No person shall be a Senator or Representative in Congress, or elector of President and Vice President, or hold any office, civil or military, under the United States, or under any State, who, having previously taken an oath as a member of Congress, or as an officer of the United States, or as a member of any State Legislature, or as an executive or judicial officer of any State, to support the Constitution of the United States, shall have engaged in insurrection or rebellion against the same, or

given aid or comfort to the enemies thereof. But Congress may, by a vote of two-thirds of each house, remove such disability.

"SECTION 4. The validity of the public debt of the United States, authorized by law, including debts incurred for payments of pensions and bounties for services in suppressing insurrection or rebellion, shall not be questioned. But neither the United States nor any State shall assume or pay any debt or obligation incurred in aid of insurrection or rebellion against the United States, or any claim for the loss or emancipation of any slave, but all such debts, obligations and claims shall be illegal and void.

"SECTION 5. Congress shall have power to enforce by appropriate legislation the provisions of this article."

AND WHEREAS the Governor of this State has submitted the said proposed amendment to this General Assembly;

AND WHEREAS this General Assembly believes that the adoption of the said proposed amendment to the Constitution would be a breach of faith implied between the States at the time of the ratification of the Constitution; would deprive one section of this country of rights and privileges which have been guaranteed to them by the Constitution; would foster and excite bitter and unkindly relations between the citizens of different sections of the country; would delay, if not altogether prevent, a restoration of a perfect union between the States, and would be destructive of the ends and purposes intended to be secured by the adoption of the Constitution; therefore,

An Act to Settle and Determine the Dividing Line between this State and the Commonwealth of Pennsylvania.

WHEREAS it has been represented to this General Assembly Preamble. that there is great doubt and uncertainty as to the true dividing line between this State and the Commonwealth of Pennsylvania, between the eastern line of the State of Maryland and the circular line of the State of Delaware, and the inhabitants along the said line have always held and recognized the southern line of the Commonwealth of Pennsylvania as extending until it intersects the said circular line of this State;

AND WHEREAS the circular boundary line between this State and the Commonwealth of Pennsylvania has never been surveyed and marked since the separation of the three counties forming this State from the Province of Pennsylvania, and all knowledge of its location is in a great measure dependent upon vague and conflicting traditions; therefore,

SECTION 1. *Be it enacted by the Senate and House of Representatives of the State of Delaware in General Assembly met, and it is hereby enacted by the authority of the same,* That his excellency the Governor be, and he is hereby authorized to appoint two commissioners, to act in conjunction with like commissioners on the part of the Commonwealth of Pennsylvania, to settle, determine and locate the line between this State and the Common- Governor authorized to appoint Commissioners to locate a certain division line between Delaware and Penna.

wealth of Pennsylvania, by extending the southern line of the Commonwealth of Pennsylvania until it intersects the circular line of this State, and such line shall, with the approval of the Congress of the United States, be forever deemed and held the true boundary line of the said States.

Limits, how
marked.

SECTION 2. That the said commissioners are hereby authorized and directed to place and erect at the point of intersection of the said extended line and the circular line of this State a stone or other suitable monument.

The Com-
missioners
empowered
to determine
the circular
line between
said States
and fix suit-
able marks.

SECTION 3. That the said commissioners shall also have power to survey and determine the circular line of boundary separating said States, from the point of intersection therewith of the line directed to be extended by the first section of this act to the river Delaware, and to fix suitable marks or monuments of stone, or other suitable material, thereupon, one quarter of a mile apart, upon the circular boundary, if the same can be conveniently placed, or at such other points and distances apart upon the said circular boundary as they may deem proper, whereby the line of boundary between the said States may hereafter be indicated; and when the line of boundary so surveyed and marked shall have been approved on the part of Delaware by the Governor thereof, and on the part of Pennsylvania in such manner as shall be determined by the legislature thereof, then the said line of boundary so surveyed, ascertained and marked shall thereafter be deemed and taken to be the dividing line of boundary between the States of Delaware and Pennsylvania.

The line,
when ap-
proved, to be
the bound-
ary.

The Gover-
nor author-
ized to draw
warrant to
defray one-
half of the
expenses.

SECTION 4. That the Governor be and he is hereby authorized to draw his warrant on the State Treasurer for such sum or sums of money as may be required for the payment of the commissioners to be appointed as aforesaid, and for the defraying of the one-half (the other half to be paid by the State of Pennsylvania), of all the necessary expenses incurred in carrying this act into effect.

shall have full power and authority to levy and raise by taxation, in the same manner as such taxes are assessed, levied and collected under the laws concerning free schools in this State, such sums of money as they shall deem necessary for the erection of suitable buildings for the accommodation of all the scholars of a proper age residing within said districts, and for the support of the school or schools to be taught therein; also, to employ all the teachers necessary to carry into effect the objects of this corporation. And it is hereby declared to be the duty of said trustees, and the intention of this act, that they shall *make ample provision for the tuition of scholars from the primary branches of an education up to and including a full academic course*; and generally to do all other acts and things incident to such corporation: *Provided*, That the amount to be raised by taxation in any one year for the erection of buildings, or the support or maintenance of the schools, shall be determined by the voters at the annual meeting, and that no greater sum than fifteen hundred dollars shall be raised by the regular tax in any year for the support of the schools of said district, or the erection of buildings.

SECTION 2. *And be it further enacted as aforesaid*, That all the property, both real and personal, or mixed, now held by the five united or consolidated districts, under this act shall be deemed, taken and held to be the common property of all said districts as united or consolidated by virtue of this act. And in all the future distributions of the school funds of this State, among the several school districts thereof, the Trustee of said fund shall treat this consolidated district as five districts, and make the distribution accordingly; *Provided*, That in the distribution or disposal that may be made of the property held by the districts embraced in this act, that all excess over the amount realized by the district possessing the least valuable property shall revert to the district or districts respectively realizing a larger amount, and shall be used by them towards the payment of the first tax that may be levied for the purpose of carrying out the provisions of this act. The trustees to be elected pursuant to Section 1 of this act may, in their discretion, admit into said school or schools to be conducted under this act, persons residing out of the limits of this corporation, or persons over the age of twenty-one years, on such times [terms] as they shall deem equitable, and the proceeds of the tuition of scholars so admitted shall be paid over to the treasurer of said institution as a part of the common fund thereof.

SECTION 3. *And be it further enacted as aforesaid*, That if the trustees herein mentioned shall deem it imprudent to raise by taxation the whole sum necessary to carry into effect the objects

of this corporation at one time, they may, in their discretion, levy and raise by taxation such portion thereof as they may deem proper, and borrow, on bond and mortgage on the property of said school district, or consolidated school districts, or otherwise, the balance of the sum necessary to carry into effect the objects and designs of this act, and to liquidate the same by annual installments, or otherwise, as may be agreed upon by said trustees and the party or parties making such loan.

SECTION 4. *And be it further enacted as aforesaid,* That the trustees to be elected as aforesaid shall be property holders within the limits of said corporation, and shall have resided therein at least one year before their election as such trustees. They shall have full power and authority to erect the necessary building or buildings on the lot or lots now owned by said district or districts; or, if deemed best, to sell any one or all the lots now owned by said district or districts, and to purchase another location more suitable for the purposes contemplated by this act: *Provided however,* That before any such sale of the present property of said district or districts shall be made as aforesaid, the said trustees shall call a meeting of the voters of said district or districts, and lay before them the new location proposed for the erection of the school buildings aforesaid, and a vote shall be taken for and against such change; and if a majority of the voters present at such election shall vote in favor of making the change proposed as aforesaid, then said trustees are hereby authorized and empowered to sell and dispose of all the present property of said district or districts, or such part thereof as shall be agreed upon by the voters of such district or districts, and execute a deed or deeds for the same, under the hands and seals of said trustees, or a majority of them, which deed or deeds so as aforesaid executed shall convey and transfer to the purchaser or purchasers all the right and title of said district or districts of, in and to the property so as aforesaid conveyed; and said trustees shall take from the person or persons of whom said new property shall have been purchased a deed in such manner as shall secure a good and valid title to said district or districts in such lands and premises so as aforesaid purchased forever.

SECTION 5. *And be it further enacted as aforesaid,* That when the necessary structures and buildings shall have been erected and completed, the same shall be deemed and by force of this act shall become a corporation by the name, style and title of the "Milton Academy," and may have and use a common seal, and the same from time to time alter and renew, as shall be deemed proper by the trustees thereof. They shall appoint one of their board treasurer, who shall give bond in twice the amount esti-

Supplemental tax. **Trustees to receive no compensation.** **Their annual report.** SECTION 6. *And be it further enacted as aforesaid,* That the trustees annually to be elected shall have full power and authority to levy and collect a supplement tax, outside and beyond the regular tax to be annually assessed, which shall be laid upon such persons as are receiving the greatest amount of benefit from said schools, in such proportions as said trustees shall deem equitable and just in the premises, which tax shall be collected the same as the regular taxes are collected, and subject to all the laws for the collection of said regular taxes. The said trustees shall receive no compensation for their services, except such as may be voted them at the annual election for trustees. Said trustees shall, annually, lay before the voters of said district, at the annual election for trustees, a full account of their doings in the premises since their election, embracing the number of scholars taught, the department in which they have been taught, the number of teachers employed, and the sum paid to them respectively, with any other information in relation to the conducting of said schools that they may deem of interest to the voters of said district.

Restriction on supplemental taxation. SECTION 7. *And be it further enacted by the authority aforesaid,* That no supplement tax shall be assessed upon the inhabitants of said district under the provisions of Section 6 of this act, in any year, unless a tax equivalent to three hundred dollars, clear of delinquents and commissions, shall have been levied and raised for each of the districts composing the consolidated district, to wit: the sum of fifteen hundred dollars as the regular tax of said district. The election for trustees shall be held under this act at the same time as the school elections of this State are held for school committees. The trustees to be elected shall make, or cause to be made, the necessary assessments on the persons and property of said district, and [hold] a court to hear any and all appeals therefrom, the same as is provided by law in regard to other school districts of this State.

Election for Trustees. When held. **Assessments.** **Succession.** **Revocation.** SECTION 8. *And be it further enacted as aforesaid,* That this act shall be deemed an incorporation for public purposes and improvement, and shall have succession for the period of twenty years, reserving, nevertheless, to the Legislature the right to alter, amend or repeal the same for abuse or misuse of its corporate franchises.

SECTION 9. *And be it further enacted*, That the provisions of this act shall only apply to and include such districts of the town of Milton as shall, at a meeting to be called for that purpose, accept the same by a majority of the school voters at such meeting, of which due notice shall be given by written advertisement, posted in five of the most public places in the district. Such notice shall be given by the present school committees of the respective districts, or the clerks thereof, stating the day, hour and place of meeting, and the purpose for which it is called; all votes shall be given by ballot at said election, and it shall be the duty of the officers appointed to conduct such election to certify, under their hands and seals, the acceptance or non-acceptance of this act to the Clerk of the Peace of Sussex county, who shall file the same in his office. In voting, those in favor shall vote "aye," and those opposed "no."

of this corporation at one time, they may, in their discretion, levy and raise by taxation such portion thereof as they may deem proper, and borrow, on bond and mortgage on the property of said school district, or consolidated school districts, or otherwise, the balance of the sum necessary to carry into effect the objects and designs of this act, and to liquidate the same by annual installments, or otherwise, as may be agreed upon by said trustees and the party or parties making such loan.

SECTION 4. *And be it further enacted as aforesaid,* That the trustees to be elected as aforesaid shall be property holders within the limits of said corporation, and shall have resided therein at least one year before their election as such trustees. They shall have full power and authority to erect the necessary building or buildings on the lot or lots now owned by said district or districts; or, if deemed best, to sell any one or all the lots now owned by said district or districts, and to purchase another location more suitable for the purposes contemplated by this act: *Provided however,* That before any such sale of the present property of said district or districts shall be made as aforesaid, the said trustees shall call a meeting of the voters of said district or districts, and lay before them the new location proposed for the erection of the school buildings aforesaid, and a vote shall be taken for and against such change; and if a majority of the voters present at such election shall vote in favor of making the change proposed as aforesaid, then said trustees are hereby authorized and empowered to sell and dispose of all the present property of said district or districts, or such part thereof as shall be agreed upon by the voters of such district or districts, and execute a deed or deeds for the same, under the hands and seals of said trustees, or a majority of them, which deed or deeds so as aforesaid executed shall convey and transfer to the purchaser or purchasers all the right and title of said district or districts of, in and to the property so as aforesaid conveyed; and said trustees shall take from the person or persons of whom said new property shall have been purchased a deed in such manner as shall secure a good and valid title to said district or districts in such lands and premises so as aforesaid purchased forever.

SECTION 5. *And be it further enacted as aforesaid,* That when the necessary structures and buildings shall have been erected and completed, the same shall be deemed and by force of this act shall become a corporation by the name, style and title of the "Milton Academy," and may have and use a common seal, and the same from time to time alter and renew, as shall be deemed proper by the trustees thereof. Supplemental tax. **Trustees to receive no compensation.** **Their annual report.** SECTION 6. *And be it further enacted as aforesaid,* That the trustees annually to be elected shall have full power and authority to levy and collect a supplement tax, outside and beyond the regular tax to be annually assessed, which shall be laid upon such persons as are receiving the greatest amount of benefit from said schools, in such proportions as said trustees shall deem equitable and just in the premises, which tax shall be collected the same as the regular taxes are collected, and subject to all the laws for the collection of said regular taxes. The said trustees shall receive no compensation for their services, except such as may be voted them at the annual election for trustees. Said trustees shall, annually, lay before the voters of said district, at the annual election for trustees, a full account of their doings in the premises since their election, embracing the number of scholars taught, the department in which they have been taught, the number of teachers employed, and the sum paid to them respectively, with any other information in relation to the conducting of said schools that they may deem of interest to the voters of said district.

Restriction on supplemental taxation. SECTION 7. *And be it further enacted by the authority aforesaid,* That no supplement tax shall be assessed upon the inhabitants of said district under the provisions of Section 6 of this act, in any year, unless a tax equivalent to three hundred dollars, clear of delinquents and commissions, shall have been levied and raised for each of the districts composing the consolidated district, to wit: the sum of fifteen hundred dollars as the regular tax of said district. The election for trustees shall be held under this act at the same time as the school elections of this State are held for school committees. The trustees to be elected shall make, or cause to be made, the necessary assessments on the persons and property of said district, and [hold] a court to hear any and all appeals therefrom, the same as is provided by law in regard to other school districts of this State.

SECTION 9. *And be it further enacted,* That the provisions of this act shall only apply to and include such districts of the town of Milton as shall, at a meeting to be called for that purpose, accept the same by a majority of the school voters at such meeting, of which due notice shall be given by written advertisement, posted in five of the most public places in the district. Such notice shall be given by the present school committees of the respective districts, or the clerks thereof, stating the day, hour and place of meeting, and the purpose for which it is called; all votes shall be given by ballot at said election, and it shall be the duty of the officers appointed to conduct such election to certify, under their hands and seals, the acceptance or non-acceptance of this act to the Clerk of the Peace of Sussex county, who shall file the same in his office. In voting, those in favor shall vote "aye," and those opposed "no."

are hereby appointed commissioners to do and perform the things hereinafter mentioned, that is to say: they, or any five of them, shall, on or before the first Monday in September next, procure a sufficient number of suitable books, one of which shall be opened in Middletown, and the others, if it shall be deemed advisable by the said commissioners, at such other place or places as they shall think proper, in each of which books they shall enter as follows: "We, whose names are hereunto subscribed, do promise to pay to 'The Peach Growers' Bank of Delaware, at Middletown,' the sum of fifty dollars for each and every share of stock set opposite to our respective names, in such manner, sums, and at such times as shall be directed by the President and Directors of said Bank," and shall thereupon give notice in two newspapers printed in New Castle county, and in such other papers as they may deem proper, at least twenty days, of the time and place or places when and where the said books will be opened to receive subscriptions for the capital stock of the said bank, at which time and place or places two or more of the said commissioners shall attend and permit all persons of lawful age, who shall offer to subscribe, in the manner following, that is to say: on the first day on which the said books are opened no person shall subscribe for more than twenty shares, either in his own name or as attorney for another, and on the second day on which the said books shall be opened the same restriction shall apply, and if at the expiration of the second day the whole number of one thousand shares shall not have

SECTION 5. *And be it further enacted,* That as soon as the whole amount of one thousand shares shall have been subscribed, the subscribers, their successors and assigns, shall be and they are hereby declared to be incorporated by the name, style and title of "The Peach Growers' Bank of Delaware, at Middletown," and by that name shall have continuance and succession for the term of twenty years from the date of this act, and shall be able to sue and be sued, plead and be impleaded in all courts of law and equity, to purchase, take, receive, have, hold and enjoy to them and their successors, lands, tenements, goods, chattels and effects of whatsoever kind, nature or quality, and the same to sell, grant, demise, alien or dispose of, and also to have a common seal, and the same to break, alter, or renew at their pleasure.

SECTION 6. *And be it further enacted,* That the said bank shall have power to commence business as soon as the sum of thirty thousand dollars, current lawful money of the United States, shall have been actually paid in and deposited in its vaults, and not before; and it shall be the duty of the directors to make a statement, under oath or affirmation, of the description and amount of such deposits, and transmit the same to the Governor of this State previous to the bank going into operation.

IN RELATION TO BANKS.

SECTION 7. *And be it further enacted,* That for the proper management of the business and affairs of the said corporation there shall be nine directors, who shall be elected by the stockholders in the manner and at the times hereinafter directed, and who shall choose a president from among their number. They shall be stockholders at the time of their election, and also during the term of service, and a majority of them shall be citizens of this State, residing in New Castle county.

SECTION 8. *And be it further enacted,* That the commissioners aforesaid, as soon as conveniently may be after the capital stock has been subscribed as aforesaid, shall give ten days' notice, in two newspapers printed in New Castle county, and in such other newspapers as they may deem advisable, of the time and place, in Middletown, at which the subscribers shall meet in order to organize the said company; and the said commissioners, or any two of them, may hold the election, at which time and place the said subscribers shall choose, by a majority of the votes present, to be given in person or by proxy, nine directors; and the said directors shall, at their first meeting after the election, choose one of their number to be president, and shall manage and conduct the business and affairs of the company until the first Thursday in May, in the year one thousand eight hundred and seventy; and there shall be another meeting of the stockholders on the said first Thursday in May, in the year one thousand eight hundred and seventy, and on the same day in every year thereafter, in Middletown, of which twenty days' notice shall be given as aforesaid, at which meeting and meetings the stockholders shall choose, by a majority of votes present, given in person or by proxy, nine directors, who shall continue in office for one year and until others be chosen, and in case of a vacancy or vacancies in the Board of Directors by death or resignation, or otherwise, the remaining directors shall have power to fill such vacancy or vacancies by election from among the stockholders of the said bank, and the said directors shall, at the first meeting after the election, choose a president from among their number. Special meetings of the stockholders, of which notice shall be given as aforesaid, shall be called by the directors upon the request, in writing, of stockholders owning five hundred shares of stock, or whenever the directors shall deem it necessary, and on all occasions of voting each stockholder shall be entitled to one vote for each share held by him, which has been so held by him three calendar months before the day of voting. An Act to incorporate The Prime Hook and Slaughter Creek Ditch Company.

WHEREAS there was heretofore opened a certain ditch in Cedar Creek hundred, Sussex county, known as Straight Ditch, leading from Prime Hook to Slaughter Creek; and whereas the same has gone out of repair, and is now insufficient to drain Prime Hook and Broadkiln marshes adjacent; and whereas it is the desire of the land owners on or adjacent to said marshes to widen and deepen said ditch, and for that purpose to be incorporated, which desire they have signified by petition to this General Assembly now in session; therefore,

SECTION 1. *Be it enacted by the Senate and House of Representatives of the State of Delaware in General Assembly met, and it is hereby enacted by authority of the same, (two-thirds of each house concurring,)* That Myers Reynolds, Samuel M. Lofland, Thomas R. Wilson, George Wilson and Edward P. Roach, and all others, who are or hereafter may be taxables on said ditch or marshes, be and the same are declared to be a body corporate in law, for the purpose of this act, mentioned by the name, style and title of "The Prime Hook and Slaughter Creek Ditch Company," and by that name shall have succession, may sue and be sued, plead and be impleaded, and generally have and enjoy all the privileges, immunities and franchises incident to such a corporation under the constitution and laws of this State.

SECTION 2. That the first meeting of the said taxables shall be held on the third Saturday in April, 1869, at two o'clock in the afternoon, at such suitable and convenient place as the corporation first named shall designate, who is hereby authorized and required to give five days notice of the time and place of said meeting by ten written or printed handbills, five of which shall be posted in as many of the most public places in Prime Hook Neck, and the like number in the like places in Broadkiln Neck. At this meeting the said taxables shall elect from their own number five managers, who shall serve for one year, or till their successors shall be chosen and qualified at the next annual meeting, and shall have full power to act for and on behalf of the company unless expressly limited or restricted by resolution of the corporators duly passed.

SECTION 3. Immediately after the election of managers at the first and subsequent annual meetings, they shall organize by electing one of their number president and another secretary. Joint Resolutions relative to the Proposed Amendments to the Constitution of the United States.

WHEREAS the Senate and House of Representatives of the United States in Congress assembled, by a resolution passed in accordance with the provisions of the fifth article of the Constitution of the United States at the second session of the Fortieth Congress, begun and held on the first Monday of December, A. D. 1868, have proposed a certain article of amendment to the said Constitution for the consideration of the Legislatures of the several States, which said proposed article of amendment is in the following words and figures, to wit:

Preamble.

SECTION 1. The rights of citizens of the United States to vote shall not be denied or abridged by the United States, or by any State, on account of race, color, or previous condition of servitude.

SECTION 2. The Congress shall have power to enforce this article by appropriate legislation.

RESOLUTIONS.

AND WHEREAS the Governor of this State has submitted the said proposed amendment to this General Assembly; And whereas this General Assembly believes the adoption of the said proposed amendment to the Constitution would have a tendency to destroy the rights of the States in their sovereign capacity as States, which sovereignty was acknowledged at the time of the ratification of the Constitution; would deprive the States of their right to regulate their own affairs, and of the constitutional right of establishing the laws regulating the suffrage of their own citizens for their own offices; would be a subversion of the Constitution and Government of the United States and of the constitutions and governments of the several States composing the Federal Union; would be an attempt to establish an equality not sanctioned by the laws of nature or of God; would foster and excite bitter and unkind relations between citizens of different sections of the country; would delay, if not prevent, a restoration of a perfect union between the States, and would be destructive of the ends and purposes intended to be secured by the Constitution of the United States; therefore,

Be it resolved by the Senate and House of Representatives of the State of Delaware in General Assembly met, That the members of this General Assembly do hereby declare their unqualified disapproval of said amendment to the Constitution of the United States, and hereby refuse to adopt and ratify the same.

Resolved further, That a duly authenticated copy of the foregoing preamble and resolution be transmitted by the Secretary of State of this State to the Secretary of State of the United States.
